Reports and Records of Licensed Online Clinic Providers

Upon request, applicant must be able to provide DMV with true copies of all records pertaining to annual, periodic or special reports regarding student's completion of the course in a manner prescribed by DMV. Such reports shall be under oath whenever the Department so requires. The Department may also require any online clinic provider to file with it a true copy of each or any contract, agreement, or arrangement between such licensees and any person in relation.

The Department may, in its discretion, prescribe (i) the forms of any and all accounts, records, and memoranda to be kept by licensed computer-based clinic providers and (ii) the length of time such accounts, records, and memoranda shall be preserved in accordance with § 46.2- 490.11 of the Virginia Code.

Audit and Compliance

- Allow DMV to conduct at least one audit per year - with or without prior notice.
- Any deficiencies or matters needing correction will be identified during the licensure period and during a DMV audit and reported to the curriculum vendor. DMV will retain the sole authority and discretion to determine whether an online driver improvement clinic provider is compliant or non-compliant; and, in its sole discretion shall issue a notice of noncompliance upon the determination that an online driver improvement clinic is non-compliant.
- Provide DMV with on-line access (including username and password) to be able to conduct audits to ensure compliance with established requirements.
- Comply with all statutes governing the practice of driver improvement clinics. Upon written notice from DMV that an online driver improvement clinic provider is non-compliant, the clinic will have 30 days to complete corrective actions. If the school fails to make the corrections, DMV may deem the school non-compliant and issue a notice of suspension, or revocation of DMV approval.

- Within 30 days of receiving written notice from DMV that the clinic's license is under suspension, cancelation or revocation, the vendor shall terminate the online clinic's operation until after receiving notice from DMV that the sanction is lifted, or that the school's license has been re-instated. All administrative hearings shall be conducted in accordance with DMV policy and procedures.
